Loved working with this company! Had to have someone come out to look at our rood before we bought the house we did. They were extremely professional, pricing is extremely reasonable, and the guy that came out to do our roof inspection was prompt to answering all my questions. This was truly a great experience and I will recommend them to anyone who needs a good roofer.

When you realize there's a hole in your roof it's never good news, but Cody swept in to save the day. In addition to covering the hole with a tarp and repairing some loose shingles, five star christian roofing provided a full visual inspection and walked us through each step of the process. I never felt like I was being oversold or upsold with these folks. I feel so thankful to have stumbled upon such a great company who looks out for their neighbors, especially in times like these!

Josiah Johnson and his team came out to look at our parents roof. There was some damage that we were concerned about. They were able to come out that SAME DAY! They were kind, helpful, informative, and even did a patch job fixing some loose shingles for free before even discussing a date for a full roof repair. I highly recommend this company!

These guys were complete professionals. They ran a thorough check all around the house. They even found one tile on my roof that was loose and went way above and beyond to repair it without any need for cost or insurance. I would definitely recommend using 5 star roofing. Josiah Johnson did a great job inspecting and giving me a fully detailed report. Now I have something to use in case a future storm causes damage for insurance. They will save you so much hassle and headache when it comes to getting your home needs repaired.

I'd like to tell everyone how awesome Cody and 5 Star Christian Roofing & Remodeling are! I called for an estimate on roofing repairs on a Friday evening and Cody came out right way that night! He walked me through all the options and I was able to make the best decision for my situation. God really blessed me with putting this company in my path!

A bad storm came through the neighborhood and caused a lot of roof and fence damage. Our neighbor referred Cody at 5 star and they went on the roof and did a thorough inspection and explained about how our insurance works in repairing it. He was very honest and explained stuff to me in a really transparent way. The other company that came before him said he could tell we needed a new roof without even going up there so be careful who you trust. Cody said the roof needed repair but not ready for a whole roof. He came out and fixed the roof and actually did it in his own time since we referred a family member who also needed a new roof. When it is time to get a full replacement we will be using 5 star Christian. Didn't know a lot before about roofing and insurance but he got me up to speed in no time.

Cody Crowe and his skilled crew went above and beyond every step of the way through our insurance claim after our house received bad storm damage.

Cody has done everything in his power to make sure we get max compensation and repairs from the storm damage our house received. The initial roofer we talked to didn't even check the rest of the house other than the roof. Cody went over every inch of it and found plenty of damage. If you need a new roof, remodel or face-lift for your house call 5 Star Christian and you will be amazed by the amazing service, quality and integrity they operate with!

After a recent storm, we had some shingle damage. I assumed we would need a new roof, and I contacted Cody and 5 Star Christian roofing. Cody determined that I actually DIDN'T need to replace my whole roof!! Imagine that, a roofing company that said I didn't need to replace my roof! I was shocked. I used Cody and 5 Star Christian to repair the damages and the repairs were done quickly, while communication from Cody was excellent. I can't recommend these guys enough. If you need someone with honesty and integrity, contact Cody and 5 Star Christian Roofing and Remodeling!
